...by the people who know your vehicle best.

Motorcraft® Oils Engineered for Performance

Our complete lubricant line is engineered with a purpose – to provide exceptional engine performance in four crucial areas:

Fuel Economy
Helps reduce fuel consumption and improves fuel efficiency

Engine Wear
Protects critical moving parts over the life of your vehicle

Engine Cleanliness
Prevents the formation of performance-robbing sludge and deposits

Emissions Safe
Emissions system-approved for clean-air performance

PETROL ENGINES

DIESEL ENGINES

Motorcraft® Motor Oils are recommended by the Ford Engineers who designed the engine in your vehicle.

Synthetic Blend Motor Oil

Ford Engineers developed this oil to keep your vehicle running like new. When I select Motorcraft® Synthetic Blend Oil, I know I will receive an oil that:

- Provides excellent value, performance and fuel economy
- Is the original Ford part used in the production of my vehicle

Super Duty Diesel Motor Oil

Ford Engineers developed this oil to keep your diesel vehicle running like new. When I select Motorcraft® Super Duty Diesel Motor Oil, I know I will receive an oil that:

- Is specifically designed for my Power Stroke® Diesel Engine
- Provides excellent performance under heavy loads
- Assures continuous operation during severe conditions
- Meets new diesel emission requirements
