#### Disclaimers/Comments

- Driving while distracted may result in you losing control of the vehicle. Do not use SYNC or any other devices, even by voice command, unless it is safe to use them. Some features may not operate if one of the drive gears is engaged. Not all features are compatible with all phones. Message and data transmission charges may apply.
- Data according to the certificate of the Standardization Organization for the Cooperation Council for the Arab States of the Gulf.
- Feature available. Driver assistive features are additional technologies intended to assist and do not replace the driver's attention, instinctive discernment and the need for control of the vehicle.
