# SHELBY GT, GT-HERITAGE AND GT PREMIUM

## THE ICONIC SHELBY GT HAS RETURNED WITH MORE POWER, PERFORMANCE AND SHELBY STYLING!

The freshly designed Shelby GT combines terrific handling, strong V8 power, muscular exhaust tones, and handsome good looks. The naturally aspirated version produces 480 horsepower thanks to additional power from a new exhaust system, while a Ford Performance supercharger option is available that will boost horsepower to over 700+.

Shelby American also worked very closely with Ford Performance to tailor the suspension and maximize the car's handling capabilities, all without sacrificing ride quality. The exterior features proprietary bodywork and stylish new wheels, while Shelby touches can be found inside the sporty interior.

Available exclusively in New Zealand through Shelby NZ, the 2020 Shelby GT offers thrilling performance and dynamic handling, all in a package that owners will love to drive all day, every day.

The car can be ordered as a fastback or convertible in any colour combination that is available from Ford. Drivetrain options include a 6-speed manual or a 10-speed automatic transmission.

Every Shelby GT is assigned a unique CSM number and affixed with special dash and engine bay plaques, and then registered in the official Carroll Shelby Registry.

All New Zealand built Shelby vehicles carry a 3 year/60,000k warranty.

### 2020 SHELBY GT STANDARD EQUIPMENT

- Shelby GT deep draw bonnet with functional vents
- Shelby upper grille
- Shelby rocker panels with aero rocker wings
- Shelby rear spoiler
- Shelby tail-light panel

# SHELBY SUPER SNAKE

Available for 2015 and newer Mustang GT's

**THE ALL-NEW 825HP SUPER SNAKE NOW OFFERS MORE POWER, MORE PERFORMANCE AND IS THE BEST ALL-PERFORMING SUPER SNAKE IN SHELBY'S HISTORY!**

Over five decades after the first Shelby Super Snake rolled out of Shelby American, the all-new 2020 edition is once again stamping its mark firmly on the automotive world! Powered by an 825 horsepower (or optional 700hp) supercharged Ford 5.0L V8, the Super Snake can launch from 0-60 in as little as 3.5 seconds!

With suspension and brakes to match, the Super Snake quickly carves up any road with ease, but it's also very tractable and will happily cruise city streets all day long on its Shelby 20-inch forged aluminium wheels and high-performance tyres. Widebody options are also available for the ultimate in style, handling and performance.

Collectible from the day it's built, the Super Snake features proprietary Shelby engineered body components that not only look great, but also aid in the functionality of aerodynamics, cooling and overall performance. The Shelby theme continues inside with finely appointed Katzkin leather, custom stitching, badges, carpets and carbon fibre gauge pod.

A limited number of Super Snakes will be built world-wide, with each being assigned a unique CSM number that is affixed via a special dash and engine bay plaque. Once complete the car is then entered in the official Carroll Shelby Registry.

All New Zealand built Shelby vehicles carry a 3 year/60,000k warranty.

## 2020 SHELBY SUPER SNAKE STANDARD EQUIPMENT

### PERFORMANCE:

- 825hp Shelby supercharger system (or 710hp Ford Performance option)
- Shelby extreme cooling system (radiator, aluminium coolant tank, heat exchanger)
- Shelby exclusive brake & bearing duct cooling system
- Shelby 1-piece aluminium drive shaft
- Heavy duty performance half shafts
- Brembo brake system (Front: 6-piston calipers with 16" 2-piece rotors - Rear: 4-piston calipers with 15" 2-piece rotors)
- Shelby 20" forged alloy wheels (Front: 20 x 9.5 - Rear: 20 x 11)
- Michelin Pilot 4S tyres (Front: 275/35R20 - Rear: 305/30R20)
- Shelby track handling suspension pack (shocks, springs, sway-bars, adjustable camber/castor plates, adjustable toe-rods) (manual)
- Shelby high performance wheel studs
- Shelby performance exhaust system
- Auto transmission cooler (automatic only)
- Shelby engine cap set
- NZ LVVTA certification
- Shelby NZ 3 year/60,000km driveline warranty

- Shelby custom interior upgrade in black leather with coloured suede & stitching
- Shelby numbered CSM dash and engine bay build plaques
- Super Snake illuminated sill plates
- Super Snake puddle lights
- Super Snake embroidered floor mats
- Carbon fibre gauge pod with oil/fuel/boost

# SHELBY SUPER SNAKE WIDEBODY EDITION

Available for 2015 and newer Mustang GT's

**THE ALL-NEW 825HP SUPER SNAKE WIDEBODY EDITION NOW OFFERS MORE POWER, MORE PERFORMANCE AND IS THE BEST ALL-PERFORMING SUPER SNAKE IN SHELBY'S HISTORY!**

The Shelby Super Snake Wide Body Edition was created to maximise the handling of the Ford Mustang chassis. A road racer's dream, the car has better traction for later braking and earlier acceleration out of corners. Other key benefits include better driver communication and greater ability to absorb track imperfections for razor sharp handling on almost any surface.

Designed and engineered by Shelby American, the integrated new body panels add approximately 4 inches to the rear track and 2.5 inches to the front over a standard Super Snake. The Wide Body Super Snake is fitted with bigger brakes, hardened wheel studs, stronger spindles and hubs, as well as a substantially larger and more aggressive wheel and tyre package to help deliver every single horsepower to the road.

An optional fully adjustable Penske coil over suspension system is also available, which delivers track day control with full adjustability for any road or track surface.

A limited number of Wide Body Super Snakes will be built world-wide, with each being assigned a unique CSM number that is affixed via special dash and engine bay plaques. Once complete each car is then entered in the official Carroll Shelby Registry.

All New Zealand built Shelby vehicles carry a 3 year/60,000k warranty.

## 2020 SHELBY SUPER SNAKE STANDARD EQUIPMENT

### PERFORMANCE:

- 825hp Whipple supercharger system
- Shelby extreme cooling system (radiator, aluminium coolant tank, heat exchanger)

### INTERIOR:

- Shelby custom interior upgrade in black leather with coloured suede & stitching
- Shelby numbered CSM dash and engine bay build plaques
- Super Snake illuminated sill plates
- Super Snake puddle lights
- Super Snake embroidered floor mats
- Carbon fibre gauge pod with oil/fuel/boost

## SHELBY F-150

**THE SHELBY F-150 DELIVERS ALL THE RUGGED CAPABILITIES YOU NEED FOR AN OUTDOOR ADVENTURE, PLUS STYLING THAT WILL DEFINITELY STAND OUT FOR A NIGHT ON THE TOWN.**

Based on the popular Ford F-150, this Shelby version comes standard with a 770 hp Supercharged 5.0L V8.

Shelby's adaptation of Ford's F-150 is as natural as going racing while raising chickens, something Carroll did at the beginning of his legendary career.

Of course, it's more than just horsepower under the hood – it's all about getting those available horses to the ground – it's all about getting those available horses to the ground, and with the Shelby F-150 heavy duty suspension, the horses get to the ground nicely, wherever or whatever the ground happens to be, anytime, anywhere!

From the Shelby engraved alloy wheels and under-body built to withstand the apocalypse, this Shelby truck has room for everyone and everything, and will make you feel like the king of the world behind the wheel.

Only 500 of these trucks will but built in 2020, and all will be included in the Shelby American Registry.

### SHELBY F-150 SPECIFICATION

#### PERFORMANCE

- Shelby Engineered 770HP Supercharger
- Open Air Performance Intake with High Flow Filter
- Blower & Intake Manifold Powder Coated Ford Racing Blue
- Oversized Carbon Fibre Air Intake Tube
- Performance Aluminium Heat Exchanger
- Upgraded Billet Throttle Body
- Upgraded High Performance Fuel Injectors
- SHELBY Tuned BORLA Performance Exhaust
- Black Ceramic Dual Exhaust Tips
- Dual Intake "RAM AIR" SHELBY Super Snake Hood
- Front Fender Vents for Engine Cooling
- Rear Performance Traction Bars
- Right Hand Drive
- NZ Certified
- 3 Year / 60,000 Kilometre Limited Warranty

#### INTERIOR

- Shelby CSM Serial Number Dash Plaque
- Shelby Snake Badged Console Lid
- Shelby Two-Tone Leather Recovers
- Carbon Fibre Interior Package
- Shelby Snake Embroidered Headrests
- Shelby Floor Mats
- Deep Tinted Windows

#### EXTERIOR

- BFG All-Terrain K02 35/12.50R20 Tires
- BDS Suspension by SHELBY
- Exclusive Fox Shock System
- SHELBY Speedo & Tire Sensor Recalibration
- Black Powder Coated SHELBY Step Bars
- Shelby Designed Exterior Package
- Painted Tonneau Cover w/ Liner

## SHELBY F-150 SUPER SNAKE

**USING THE ICONIC SUPER SNAKE MUSTANG BLUEPRINT FOR SUCCESS, THE F-150 SUPER SNAKE BRINGS MORE POWER, HANDLING AND STYLE AND MARKS THE RETURN OF THE SHELBY MUSCLE TRUCK!**

Based on the world-class Ford F-150, Shelby American collaborated with partners like Ford Performance and Borla to help transform an already good truck into a fire breathing Super Snake. True to Carroll Shelby's philosophy, it has more power, more sound, more styling, more handling prowess and is the ultimate expression of a high performance truck!

Shelby's 'Super Snake' badge continues to convey tremendous prestige; every vehicle that wears it represents the pinnacle of Shelby performance. With sharpened handling underpinning the Super Snake's 770 horses, and sheet metal reflecting pure American styling (there is perhaps nothing more American than a performance pickup), the F-150 Super Snake is a remarkable visual - and visceral - statement.

Creating that 'visual' is a dynamic design mix. Shelby 'retro' chrome wheels, wrapped in 305/45 performance rubber, underscore the truck's performance, while Shelby's ground effects package provide the exclamation point. And, as expected, the pickup benefits from styling cues such as Shelby Super Snake stripes and badges. Inside the theme continues across the seats, dash and floor.

From towing the boat, taking comfy family trips, doing the school run, or just cruising in style, the Shelby F-150 Super Snake is definitely a truck that does it all.

### SHELBY F-150 SUPER SNAKE SPECIFICATION

#### PERFORMANCE

- Shelby by Whipple 770HP supercharger system
- Blue powder coated supercharger
- Blue powder coated intake manifold
- Open air intake with carbon fibre intake tube
- Heat exchanger
- Billet throttle body
- Fuel Injector
- Shelby designed and tuned, lowered suspension
- Shelby by Borla exhaust
- Polished dual exhaust tips
- Dual intake Ram-Air Shelby hood
- 3 year/60,000 Kilometre limited warranty
- Right Hand Drive
- NZ Certified
- Available in 2 or 4 wheel drive

#### INTERIOR

- Shelby GSM engine plate and dash plaque
- Shelby Super Snake console badge
- Shelby two-tone leather seats
- Carbon fibre interior package
- Super Snake embroidered headrests
- Super Snake floor mats
- Billet racing pedals
- Deep tinted windows

#### EXTERIOR

- 22" Shelby chrome wheels
- Performance spec tires, 305/45/22
- Shelby Designed Exterior Package
- Painted Tonneau Cover w/ Liner

## SHELBY F-150 SUPER SNAKE SPORT

**THE SHELBY SUPER SNAKE SPORT F-150 WAS BUILT IN RESPONSE TO ENTHUSIAST'S REQUESTS FOR A SCORCHING FAST STREET TRUCK. THE SHELBY SUPER SNAKE SPORT TRUCK ROCKETS FROM 0-60MPH IN MERE 3.45 SECONDS AND CAN ACHIEVE 0-100MPH-0 IN 8.3 SECONDS!**

As Carroll Shelby often said, the only thing better than cubic inches is cubic horsepower. A standard F-150 produces a healthy 395hp, however add a supercharger and the power almost doubles to a staggering 770+ horsepower. Of course, it's more than just supercharging that makes this truck what it is, as attention to little details such as front fender vents which optimise engine cooling, and open performance intake that maximizes air flow, all work in harmony to produce one hell of an outstanding street truck.

The Super Snake Sport is treated to a suspension setup that has been designed to lower the centre of gravity, which gives impeccably handling and road holding out on the street. The lowered sport truck also is complimented with unique body components to enhance street performance, including a larger and lower front bumper, a lower front splitter, and functional ram air hood.

The high-performance 4 x 4 drive train and functional aggressive styling on the outside are further complimented with a luxury interior package! Every F-150 Super Snake Sport receives new leather seat covers, and Super Snake Sport embroidery that definitely give the sport truck a luxury feel and unrivalled comfort.

### SHELBY F-150 SUPER SNAKE SPECIFICATION

#### PERFORMANCE

- 770 HP supercharger system
- Powder coated blue supercharger
- Performance air intake
- Open air intake with carbon fibre intake tube
- Heat exchanger
- Billet throttle body
- Shelby suspension components,
  - Adjustable upper control arms
  - Cam alignment lower control arms
  - Front coil over suspension
  - Adjustable rear sway bar
- Shelby by Borla exhaust system
- Shelby by Baer brake system -
  - 6 piston, red front calipers,
  - Slotted rotors (front and rear)
- 22" Shelby black alloy wheels
- Toyo street performance tires (305/40-22)
- 3 year/60,000 Kilometre limited warranty
- Right Hand Drive
- NZ Certified

#### INTERIOR

- Custom leather interior
- Serial numbered CSM dash and engine plates
- Floor mats
- Carbon fibre look accents
- Shelby gauge replacement
- Billet racing pedals
- Deep tinted windows

#### EXTERIOR

- F-150 Regular cab body
- F-150 Super Snake body components
- Tonneau cover and bed carpet
- Available in 8 factory Ford colours

## SHELBY F-150 RAPTOR

**SHELBY AMERICAN TURNS FORD'S CAPABLE F-150 RAPTOR INTO AN EXTREME OFF-ROADER WITH KEY ENHANCEMENTS TO THE TRUCK'S SUSPENSION, POWER AND STYLING.**

Under the hood, the Shelby Raptor has a custom cold-air performance intake system and tune, feeding the Ford Performance EcoBoost engine. This gives the twin-turbo V-6 an amazing 525+ horsepower and an astonishing 610+ foot pounds of torque.

The most noticeable change to the newest generation Shelby Raptor is its amazing suspension system. Developed with FOX Racing, the four-corner adjustable system includes reliable technologies that adapt to any terrain from smooth streets to rigorous off-road trails with a simple 'no tool needed' adjustment. The robust suspension system rides on high performance BF Goodrich KM2 35/12.50R18 tires mounted to 18" alloy wheels.

Every Shelby must look as good as it performs, so this super truck has a fully functional ram air hood adorned with Shelby lettering and striping. A custom front bumper, rear bumper and chase rack surround the ruggedly handsome truck. It even features an eight LED light configuration, as well as mounts for two spare tires. Metal rock sliders with automatic running boards flank the sides for an easy step after the 3" lift.

Embroidered custom leather seats, floor-mats and console badging make the interior feel as special as the outside. The dash carries a serial number plate that is entered in the official Shelby Registry.

### SHELBY F-150 RAPTOR SPECIFICATION

#### PERFORMANCE

- SHELBY EcoBoost Performance Upgrade
- Performance Intake with High Flow Filter
- SHELBY Oversized Air Intake Tube
- Performance Aluminium Intercooler
- One Piece Heat Shield
- SHELBY Proprietary Performance Tune, 525+ HP 610+ FPT
- 3 year/60,000 Kilometre limited warranty
- Right Hand Drive
- NZ Certified

#### SUSPENSION

- Shelby by FOX 3" Raptor Suspension System
- Ford Live Valve integrated controllers
- Front 3" coil-over internal bypass adjustable reservoir shock
- Rear 3" external bypass adjustable reservoir shocks

#### INTERIOR

- SHELBY Leather Interior Upgrade
- Shelby Baja Raptor Stainless Steel Gauges
- Carbon Fibre Interior Accents
- Billet Racing Pedals
- Deep Tinted Windows

#### EXTERIOR

- Dual Intake "Ram-Air" SHELBY Baja Raptor Hood
- Power Steps with Rock Sliders And Lights
- SHELBY Stripe Package
- Shelby Front Bumper System
- Shelby Rear Bumper System
- Shelby Bed Chase Rack System

#### WHEELS & TYRES

- 18" SHELBY Raptor Alloy Wheels (6 total)
- BFG KM2 35/12.50R18 Tires (6 total)
